MISCELLANEOUS ITEMS FROM MAYOR/COUNCIL/ADMINISTRATOR:

City Administrator Kelvin Shaw thanked Russell and Julie Childers along with all the other donors for making the painting of the City Logos on both water towers. The understanding of the project and deep pride in our community by these individuals and groups is heartwarming. The generosity of all the donors is a part of what makes our community great.

City Administrator Kelvin Shaw addressed concerns on the following topics voiced by citizens during Good and Welfare at the May 6, 2024 Council Meeting:

1. Annexation of Walnut Hills and other areas – City only entertains voluntary annexations; not aware of any push for involuntary annexations; if City initiates involuntary annexation it requires notice, vote by those affected and the City and affected individuals must both pass.
2. Trees in right-of-ways – Street Department asked to follow up on trees at the requested address; only preliminary report available, however some limbs not addressed immediately due to down power lines after storm; once cleared, limbs were addressed and trees trimmed; also investigating trees in that area to see if need higher priority on list to be trimmed.
3. Extend Pick up time in school zones – Schools partner with Police Department on school safety program; request forwarded to Chief of Police; Information being reviewed.
4. Soil contamination Old Sutherlands Property – City conducted due diligence prior to purchasing property; included Phase 1 and 2 study; City will not put public in danger or at risk to environmental concerns.
5. Overtime paid to Police and Fire – Rules put in place due to nature of police and fire being 24/7; rules for overtime compensation are different; police and fire compensated in accordance with law.
6. Code adoption status – Mayor confirmed June time frame; time almost up for review and comment period.

GOOD & WELFARE:

Albert Reine, Jr., 1022 West 7th, made the following requests: A good plan and numbers to rebuild the Wastewater Treatment Plant, all honorably discharged veterans be allowed to pull free building permits to work on their homes, all City Council members receive free trash pickup and refuse containers for life with benefit counted as income on their taxes, all City Council meetings and Board of Public Works meetings be live-streamed on the City's Facebook page, defund Code Enforcement and restructure and for City Administrator Kelvin Shaw to resign.

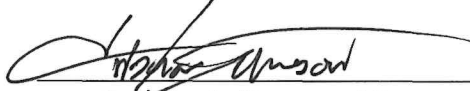

David Goodson, 1640 Hedge Apple Drive, was following up on his email discussion with City Administrator Shaw from May 8, 2024. He accepted the agreement and followed up again on May 13, 2024, regarding a Resolution to City Council to wrap the agreement up. Mayor Dawson stated he would speak with Mr. Goodson following the meeting. Mr. Goodson stated he believes that meetings should be live-streamed on Facebook. Mr. Goodson directed comments to City Administrator Shaw regarding businesses moving to the County and not selecting Sedalia to build related to Code Enforcement. Mr.

Goodson asked what level of responsibility Mr. Shaw takes for the actions of these departments and what job rating he would give himself?

The meeting adjourned at 7:25 p.m. on motion by Oldham, seconded by Foster to a closed-door meeting in the upstairs conference room pursuant to subsections 1 (Legal Advice), 2 (Real Estate) and 12 (Negotiated Contracts) of Section 610.021 RSMo.
