**FIRE
PREVENTION
WEEK™**

October is Fire Prevention month and this year is the 100th anniversary of Fire Prevention Week with the theme for the year being “Fire won’t wait. Plan your escape.” The annual Fire Prevention week is held October 9-15, 2022.

According to the NFPA (National Fire Prevention Association) today's homes burn faster than ever. Smoke alarms sense smoke before you can, alerting you to danger. In the event of a fire, you may have as little as 2 minutes to escape safely, which is why smoke alarms need to be in every bedroom, outside of the sleeping areas (like hallway), and on each level (including the basement). Do **NOT** put smoke alarms in your kitchen or bathrooms.

Remember, in a fire, mere seconds can mean the difference between a safe escape and a tragedy. Fire safety is not just for children, everyone needs to make sure they know how to stay safe in the event of a fire.

It is important that everyone be prepared in advance so that when the smoke alarm sounds they know what to do. Also remember to have a plan in place that ensures any elderly occupants, small children, and those with disabilities have someone that will help them.

Fire prevention is important. The NFPA (National Fire Prevention Association) wants you to remember to:

1. Plan Your Escape Route
2. Test Your Smoke Alarms
3. Choose an Outside Meeting Place
4. Make a Regular Reminder (post escape route instructions on your refrigerator or bulletin board)
5. Practice Home Fire Drills

**Fire is DEADLY! Smoke
and toxic gases kill more
people than flames do.**

**Fire won't wait.
Plan your escape at fpw.org.**

Knowing what to do in the event of a fire or Carbon Monoxide leak is very important to the safety of you and your loved ones. If you have any questions, please contact the Sedalia Fire department at (660) 826-8044.
